Value-Added Composition of Outdoor Recreation Activities

Conventional ORSA activities include traditional outdoor activities, such as camping, hiking, boating, and hunting.

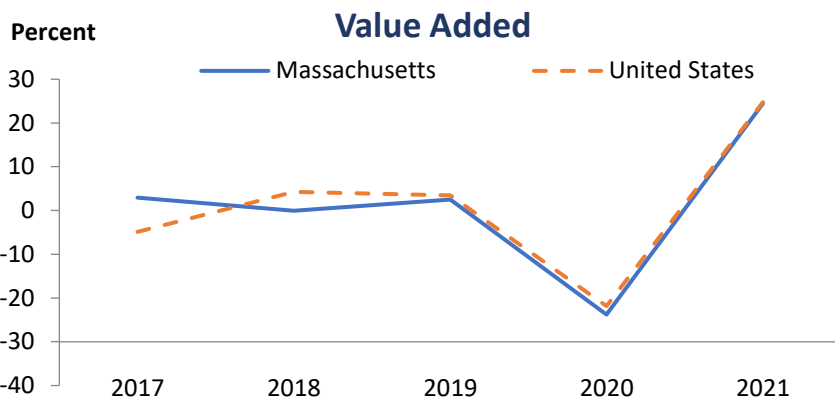

Other ORSA activities include those that take place outside, such as gardening and outdoor concerts.

Supporting ORSA activities are those that contribute to the core activities and include such things as construction, travel and tourism, local trips, and government expenditures.

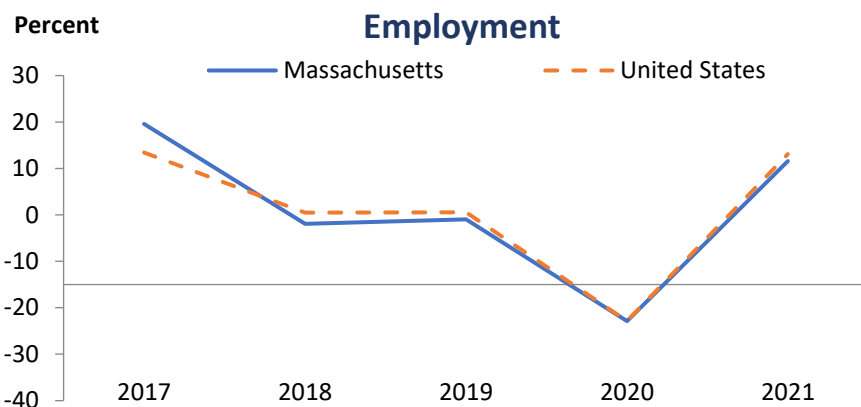

Outdoor Recreation Satellite Account (ORSA)

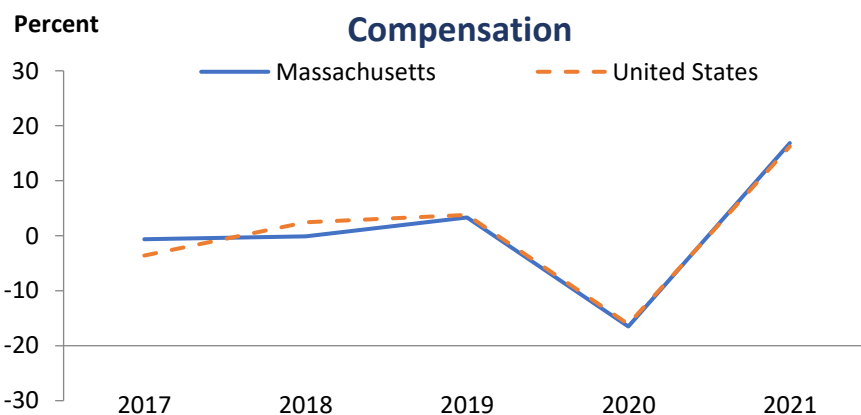

In 2021, Massachusetts ranked 17th among all states in ORSA value added and 26th among all states in ORSA value-added growth. Since 2020, ORSA value added has grown 24.4 percent in Massachusetts, compared with an increase of 24.7 percent for the United States.

In 2021, Massachusetts ranked 17th among all states in ORSA employment and 39th among all states in ORSA employment growth. Since 2020, ORSA employment has grown 11.6 percent in Massachusetts, compared with an increase of 13.1 percent for the United States.

In 2021, Massachusetts ranked 14th among all states in ORSA compensation and 20th among all states in ORSA compensation growth. Since 2020, ORSA compensation has grown 16.9 percent in Massachusetts, compared with an increase of 16.2 percent for the United States. Average compensation per wage-and-salary job in Massachusetts ORSA industries was \$55,107 in 2021, compared with \$102,391 for all salaried jobs in the state.

ORSA value added consists of the gross output of an industry less its intermediate inputs; the contribution of an industry to gross domestic product.

ORSA employment consists of all wage-and-salary jobs in which workers are engaged in the production of ORSA goods and services.

ORSA compensation consists of the remuneration (including wages and salaries as well as benefits, such as employer contributions to pension and health funds) payable to employees in return for their ORSA work during a given year.
