Value-Added Composition of Outdoor Recreation Activities

Conventional ORSA activities include traditional outdoor activities, such as camping, hiking, boating, and hunting.

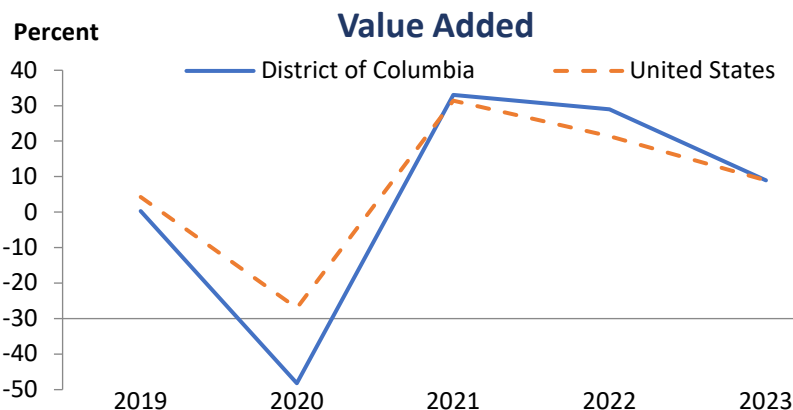

Other ORSA activities include those that take place outside, such as gardening and outdoor concerts.

Supporting ORSA activities are those that contribute to the core activities and include such things as construction, travel and tourism, local trips, and government expenditures.

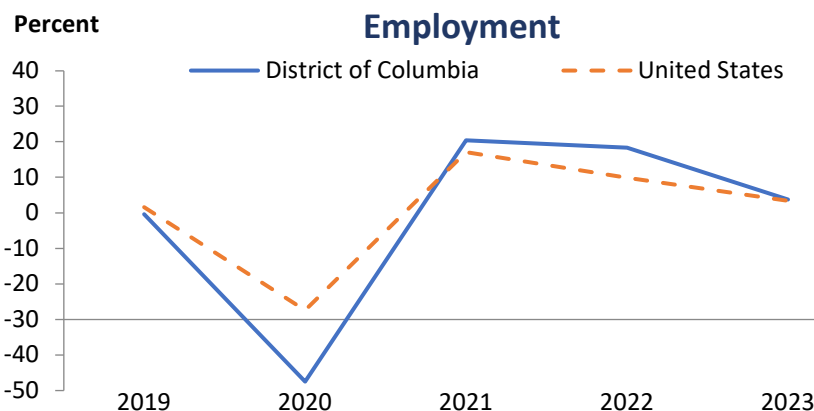

Outdoor Recreation Satellite Account (ORSA)

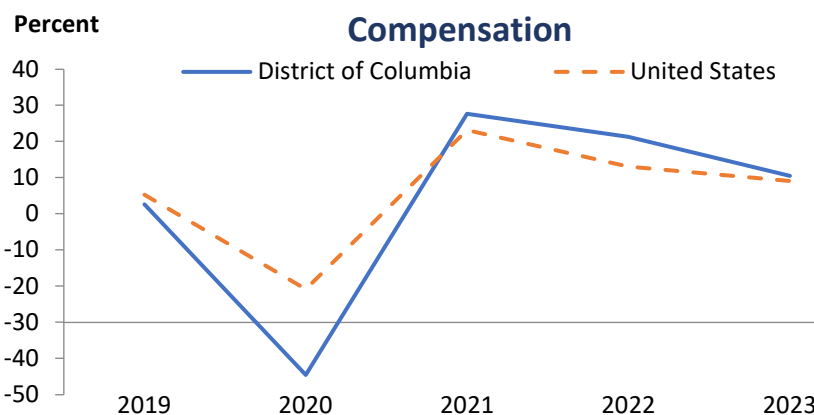

Since 2022, ORSA value added has grown 9 percent in District of Columbia, compared with an increase of 9 percent for the United States.

Since 2022, ORSA employment has grown 3.8 percent in District of Columbia, compared with an increase of 3.3 percent for the United States.

Since 2022, ORSA compensation has grown 10.5 percent in District of Columbia, compared with an increase of 9 percent for the United States. Average compensation per wage-and-salary job in District of Columbia ORSA industries was \$72,297 in 2023, compared with \$148,469 for all salaried jobs in the state.

ORSA value added consists of the gross output of an industry less its intermediate inputs; the contribution of an industry to gross domestic product.

ORSA employment consists of all wage-and-salary jobs in which workers are engaged in the production of ORSA goods and services.

ORSA compensation consists of the remuneration (including wages and salaries as well as benefits, such as employer contributions to pension and health funds) payable to employees in return for their ORSA work during a given year.
