Commonly Asked Questions

Q: How was my household chosen?

A: Your address was randomly selected from among all of the home addresses in the nation. It was selected using scientific sampling methods to represent other U.S. households. The sample was designed so that surveys of only a few thousand people will accurately describe the educational experiences of almost all Americans.

Q: Why should I participate? Do I have to do this?

A: Your answers are very important to the success of this study. You represent thousands of other adults like yourself, and you cannot be replaced. This survey is voluntary. You may choose not to answer any or all questions in this survey, but in order for the survey to be representative, it is important that you complete and return it. Those who do not return the survey will not be represented in statistics used by policymakers and researchers. There are no penalties should you choose not to participate in the study.

Q: Will the information I provide be kept confidential? Will my privacy be protected?

A: Your responses will be combined with those from other adults to produce statistical summaries and reports about education and training in the United States. Your individual data will not be reported. Your answers may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 USC § 9573).

Q: How will my response help the Department of Education?

A: The U.S. Department of Education wants to understand how adults acquire and maintain the skills they need for work. This survey is the only way our nation can learn about the education and training that adults receive from schools, employers, and other training sponsors. The survey will allow policymakers and researchers to better understand the demand for education and training programs, and can help direct national policy in these areas. Your responses will be combined with those from other households to inform educators, policymakers, and schools about how adults in the U.S. learn the skills needed for work.

Q: Who is sponsoring this study?

A: The National Center for Education Statistics (NCES), within the U.S. Department of Education, is authorized to conduct this study by the Education Sciences Reform Act of 2002 (ESRA 2002; 20 USC § 9543). The U.S. Census Bureau is administering this survey on behalf of NCES. This study has been approved by the Office of Management and Budget (OMB), the office that reviews all federally sponsored surveys.

Q: What if I have other questions?

A: If you have any questions about the study, you may send e-mail to NHES@census.gov or you may call the Census Bureau toll-free at 1-888-840-8353.
